Outside, you'll find large detached garages (one is 35x52) with various overhangs and spaces perfect for parking, storage, and workshop use. This lovingly maintained and curated property is perfect for an at home business or vehicle enthusiast! The backyard is designed for every season with an expansive deck, patio with custom stone hearth, and mature landscaping, all tucked away at the end of a long private driveway and no neighbors in sight. The oversize 2 car attached garage is finished with plenty of storage and workbench space. There is also separate, secure office access right next to the garage entrance. Just inside the peaceful front porch you'll step into a foyer, with a living room immediately to your left with brand new carpeting, and a large formal dining area or additional study to your right with gleaming hardwood floors. custom cabinetry, updated lighting, a pantry, granite countertops, and access to the stairs, powder room, mud room, office, and garage. The office has a ceiling fan, closet, hardwood flooring, and exterior access, but could easily be converted into a first floor bedroom. The main floor has a perfect open feel while still maintaining separate spaces where necessary. Upstairs, the spacious and impressive primary suite features a vaulted ceiling, full bath with skylight and separate walk-in shower and jetted tub, water closet, updated dual vanity and walk-in closet. Two other large, bright bedrooms and a full bath with tub/shower combination complete the second floor. The basement is completely loaded with many custom features and touches and is the ultimate play space! The family/game room features a custom stone fireplace (yes, that is a real boulder!), wet bar with cabinetry and custom counter, and a full bath downstairs with unique vanity and copper sink. A custom train track runs the perimeter of the room! There is an additional finished space with built in wine racks, safe, and lighting. The basement also features a walk-out to the excellently detailed and appointed yard space, full of custom hardscaping, stone work, and landscaping. This property provides a true retreat and easily shows how well thought out everything has been since the day it was built. The multiple garages and outbuildings all have electric and the back shop also has plumbing. This property provides endless opportunity for an at home business, whether you are a contractor, landscaper, automotive industry... or whatever your hobby or career demands! Mature plantings and strategic foliage and flowers surround the property, from the bridge over the water feature and pond with seating area to the cherry trees along the driveway, providing multiple tranquil outdoor spaces. This type of privacy in such a desirable location, combined with so many outdoor

amenities for garage space, storage, and a custom built home does not come along often. 3889 Gamber Rd is truly a special property with limitless offerings to its next owner!
